

DEMETRIUS WINGATE

WEB DEVELOPER/COMPUTER PROGRAMMER

Phone: 502-314-1064

Email: Dwingate1991@gmail.com

Location: Louisville, KY (open to remote work)

I am a frontend bootcamp graduate with a passion for computer programming and website development. I have over three years of experience managing websites from conception to launch, as well as providing ongoing website maintenance. I have helped several small businesses increase sales and boost web visibility by creating, developing, testing, and launching beautiful and effective websites. I am eager to learn and collaborate with other skilled developers and am open to full-time employment opportunities that will allow me to learn and grow alongside a team of similarly passionate developers.
